

## ABOUT LA MOLINA

La Molina Chocolate's international journey started at turn of the century, from the heart of Tuscany, where a passion for beauty and chocolate (and a little bit of madness) resulted in the creation of the magic the company shares with the rest of the world today.

## ABOUT LA MOLINA

Despite its international growth in the last twenty years, La Molina never strayed from its core identity of being an avant-garde business that is dedicated to producing hand-crafted products that fascinate customers.

MAKING THESE PRODUCTS TOOK  
A LOT OF HEART, TRIALS,  
DRAWINGS, TRAVEL, EFFORT, AND  
A LOT OF LOVE.

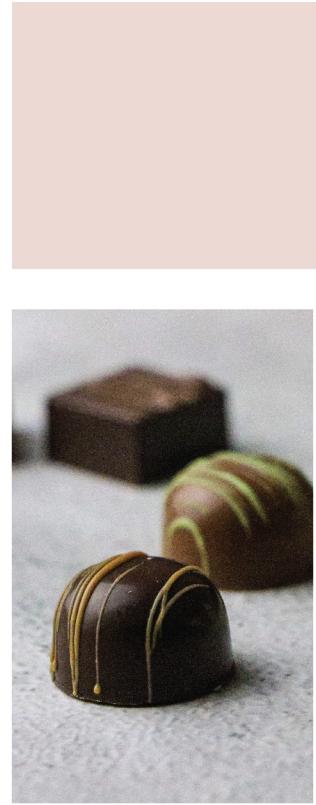

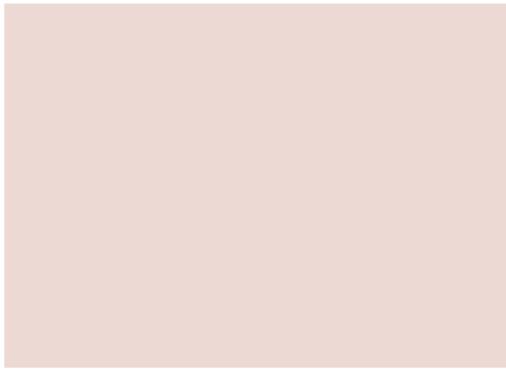

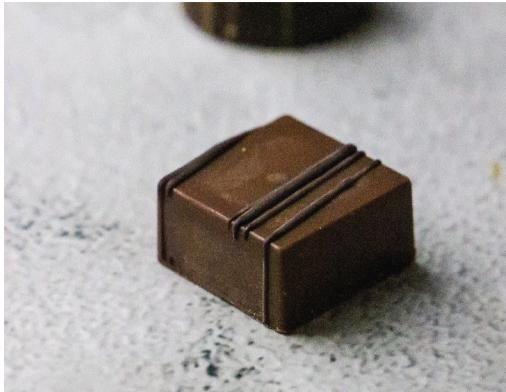

## SHARING LOVE

La Molina is now sharing some of this love with the UAE, bringing fresh, extraordinary, and creatively designed chocolate products, made from the freshest ingredients, all the way from Italy to the seven emirates.
